

MUHAMMAD ASIF ABBAS

Sales Development Representative (SDR) — Agentic AI & Enterprise Tech Outbound

+92 314 3796943 | masifabbas1090@gmail.com | LinkedIn | Lahore, Pakistan

PROFESSIONAL SUMMARY

Results-driven SDR with 3+ years of B2B outbound sales experience across SaaS, Fintech, DevOps/Cloud, and Agentic AI verticals, running cold outbound campaigns and cadences targeting decision-makers across the US and UK markets. Currently at Naxtech scoping and positioning full-service engineering solutions (AI & automation, DevOps/cloud, web & mobile development, UI/UX); previously ran US/UK outbound at Tkxel positioning agentic AI and engineering offerings, consistently achieving 10%+ positive reply rates and 35%+ call-to-interest conversion. Skilled in HubSpot, Apollo.io, Cognism, LinkedIn Sales Navigator, BANT qualification, and ICP targeting, with a track record of booking 10+ discovery calls per month. Comes from a DevOps and full-stack technical background, enabling straight, credible answers on feasibility and fit in the first conversation.

PROFESSIONAL EXPERIENCE

Business Development Executive

Sep 2026 – Present

NaxTech · Full-Service IT & Engineering · Lahore, Pakistan (Remote)

- Own outbound and inbound business development across Naxtech's full-service line — AI & automation, DevOps/cloud, web & mobile app development, UI/UX, and digital marketing — running cadences targeting decision-makers across the US and UK.
- Position agentic AI and automation offerings against real operational problems for US/UK founders and operations leaders, translating business goals into technical scope by working directly with delivery teams.
- Answer feasibility, architecture, and fit questions in early conversations rather than deferring to engineering, drawing on a DevOps and full-stack background.
- Focus pipeline on projects that ship and hold up in production rather than one-off demos.

Sales Development Representative

Feb 2026 – Sep 2026

Tkxel · Global Software Engineering Firm · Reston, VA (Remote)

- Ran outbound campaigns and cadences across the US and UK, taking cold prospects from first touch to booked discovery calls with Account Executives — generating 12–16 qualified discovery calls per month.
- Executed 150+ outreach touchpoints per week (cold calls, email sequences, LinkedIn) with a 10%+ positive reply rate, positioning Tkxel's engineering and agentic AI offerings, including the VisionWerk computer vision product.
- Built and prioritized ICP-aligned account lists using Apollo, Cognism, and LinkedIn Sales Navigator; maintained clean CRM records in Salesforce for full pipeline visibility.
- Qualified same-day inbound leads and ran discovery calls to test fit before AE handoff, improving meeting show rates.

Business Development Executive

Mar 2025 – Feb 2026

AURADEV · Digital Services & Software Delivery · Lahore, Pakistan (On-site)

- Owned client relationships end to end, from first conversation through delivery, taking on the business side of scoping and delivery coordination.
- Brought in new client work and set realistic timelines and expectations, sitting between clients and the delivery team to keep everyone aligned.
- Stepped in on priority or timeline shifts to keep projects on track and clients consistently informed.

Business Development Associate

Jul 2023 – Feb 2025

AURADEV · Digital Services & Software Delivery · Lahore, Pakistan

- Ran outreach across email, cold calls, and LinkedIn to open new conversations, qualifying inbound and outbound leads for real fit before handoff.
- Secured 50+ international projects (\$30–\$3,000) across Upwork, Freelancer, and Workana through structured outbound strategies over 18 months.
- Increased pipeline conversion by 30% by refining pitch scripts and building repeatable outreach frameworks.

- Supported proposals, follow-ups, and client coordination, keeping the pipeline organized so no lead or follow-up slipped.
